※The display screen may differ from the actual product.

It is convenient to know
on the map where the bus
is running now!

This can be useful when bus
is delayed due to bad weather,
traffic jams, and so on.

Just register the bus ID(6057-4840-3839)
after downloading the app.

Tap the bus icon for more information

You can set up bus approach notifications by registering your favorites with "+".
You can change the setting of the bus search range to "Only registered buses"
to prevent the display of buses other than the ones you have registered.

This system is a common system used by multiple bus operators.

Buses other than our bus ID that you have registered may be displayed, but this has nothing to do with our company.

Your information will not be disclosed to other companies. Please use the application with peace of mind and understanding.
